These symbols are used to show routes the Forest Service does not have jurisdiction over and has not designated for motorized use. These symbols are part of the reference layers showing connections to towns and cities outside the forest boundary.

**Short Route Identifier:**  
0051-002  
This symbol (underlined) is used for routes that are too short to show an actual symbol type on the map. The symbol contains the number of the road or trail. Users should refer to the corresponding number in the Short Route Tables for designation information.

**Milepost Marker:**  
This symbol is used to display the beginning and ending mileposts of a road that has a change in the designation but not the symbology.

**ROADS and TRAILS - Seasonal Designation and Short Route Tables - Routes in these tables are only for Truckee R.D. For Roads and Trails on other Districts, see respective District MVUM map.**
