INFORMATION

- How you collect your Christmas tree is half of the fun of the season! Try cross country skiing or snowshoeing into less accessible areas and make an adventure of it.
- Recycle! There are often ways to dispose of your tree AND help a community group out.
- Flocking and tinsel often reduce your options for how to dispose of your tree once the season has passed, so be mindful in your decorations.
- Go digital and download maps on Avenza, and make navigating easier. You can know where you are at all times, and cell service is not necessary to use the digital maps!
- Many tree harvesting locations don't have cell service, and navigation services like Google often don't work properly in remote locations. Be safe, and prepared.
