BLANKET STATEMENTS FOR TRAVEL MANAGEMENT

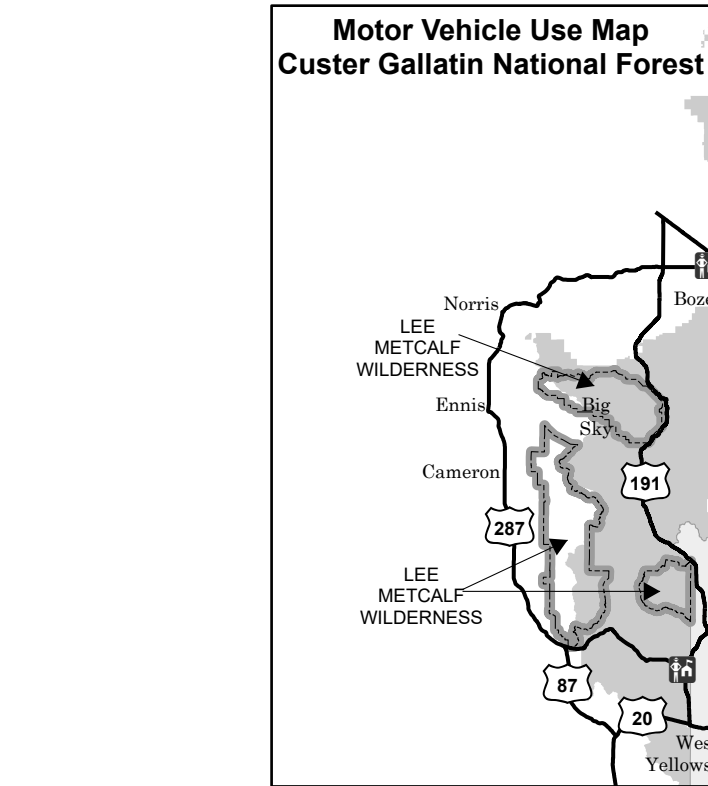

In areas along designated motor vehicle routes where general dispersed camping with motor vehicles is not allowed, a small number of designated dispersed campsites have been marked on-the-ground.

There are numerous short designated motor vehicle routes around the forest that are sometimes too small to display. These routes are signed on the ground with route numbers.

On the Custer Gallatin National Forest, designated motorized TRAILS open to wheeled vehicles less than 50 inches in width, are ONLY open to OHVs and MOTORCYCLES that meet the following criteria:

OHVs are defined as: motorized, wheeled trail vehicles that are less than 50 inches in width at the widest point on the vehicle.

Motorcycles are defined as: motorized, wheeled trail vehicles that are less than 50 inches in width at the widest point on the vehicle, with a maximum of two wheels in-line with the direction of travel.

PURPOSE AND CONTENTS OF THIS MAP

The designations shown on this motor vehicle use map (MVUM) were made by the responsible official pursuant to 36 CFR 212.51, are effective as of the date on the front cover of this MVUM, and will remain in effect until superseded by the next MVUM.

It is the responsibility of the user to acquire the current MVUM. The MVUM shows the National Forest System roads, trails and areas on National Forest System Lands in the Yellowstone and Gardiner Ranger Districts that are designated for motor vehicle use pursuant to 36 CFR 212.51.

Designation of a road, trail, or area for motor vehicle use by a particular class of vehicle under 36 CFR 212.51 should not be interpreted as encouraging or inviting use, or implying that the road, trail, or area is passable, actively maintained, or safe for travel.

This motor vehicle use map identifies those roads, trails, and areas designated for the motor vehicle use under 36 CFR 212.51 for the purpose of enforcing the prohibition at 36 CFR 261.13. This is a limited purpose.

These designations apply only to National Forest System roads, National Forest System trails, and areas on National Forest System lands.

PROHIBITIONS

It is prohibited to possess or operate a motor vehicle on National Forest System lands on the CUSTER GALLATIN NATIONAL FOREST other than in accordance with these designations (36 CFR 261.13).

Violations of 36 CFR 261.13 are subject to a fine of up to \$5,000 or imprisonment for up to 6 months or both (18 U.S.C. 3716).

This map does not display nonmotorized users, over-snow uses, or other facilities and attractions on the CUSTER GALLATIN NATIONAL FOREST.

Designated roads, trails, and areas may also be subject to temporary, emergency closures. As a visitor, you must comply with signs notifying you of such restrictions.

The designation "road or trail open to all motor vehicles" does not supersede State traffic law.

OPERATOR RESPONSIBILITIES

Operating a motor vehicle on National Forest System roads, National Forest System trails, and in areas on National Forest System lands carries a greater responsibility than operating that vehicle in a city or other developed setting.

Motor vehicle use, especially off-highway vehicle use, involves inherent risks that may cause property damage, serious injury, and possibly death to participants.

Much of the Custer Gallatin National Forest is remote. Medical assistance may not be readily available.

ALWAYS REMEMBER TO RESPECT PRIVATE LAND! PROTECT YOUR PRIVACY! STAY ON DESIGNATED ROADS AND TRAILS AND IN DESIGNATED AREAS.

Read and understand this map in its entirety. If you have questions please contact the CUSTER GALLATIN NATIONAL FOREST for clarification.

As a motor vehicle operator on a National Forest System road, trail, or area, you must comply with this map, as well as all Federal, State, and local laws and regulations.
