

File Code: 2210/2230

Date: May 27, 2026

Dear Permittee,

This letter will serve as your 2026 Annual Operating Instructions for the Commissary Park Allotment and will become part of your Term Grazing Permit #00166C. The annual operating meeting was held on May 22nd, 2026 in Manila, UT with Wade Stephens and Cherette Bonomo.

Commissary Park Allotment:

Below in Table 1 you will find your authorized use, grazing schedules, and utilization benchmarks for the Commissary Park Allotment. The scheduled dates below are to be used as guidelines depending on range readiness, precipitation, forage production, utilization, permittee needs, and adaptive management. The movement of livestock will depend upon available water and forage. It is your responsibility to ensure utilization benchmarks are not exceeded and to move livestock when allowable use is met.

Table 1: Commissary Park Allotment – Grazing Schedule and Utilization Benchmarks

Unit	Kind/Class	Numbers	Date ¹	Utilization Benchmark ²
East	Cattle (Cow/Calf)	120	July 6 – August 10	≤ 50% Key Forage Species ≥ 4" Stubble Height along Greenline
West			August 11 – September 15	

¹Dates are estimates and may vary based upon range readiness, drought, utilization benchmarks, and/or other factors. ²Utilization will be monitored at key areas of the allotment. Key areas are those areas most preferred by livestock, are typically grazed first, and receive the most concentrated use (i.e. Middle Fork of Sheep Creek, Commissary Park, Willow Park, Beaver Dam Park, Corduroy Park, etc.).

Equal utilization of the range is the objective. This requires riding and salting be properly conducted throughout the entire grazing season. Rotate your salting areas during the grazing season and from year to year. Place your salt in good forage producing areas where livestock do not go by preference. Do not place your salt next to water, roads, trails, or in open meadows. Livestock needs to be kept in their appropriate units, properly distributed within those units, and moved from unit to unit as needed. The permittee is responsible for keeping livestock spread out and not over utilizing the range.

You are responsible for the maintenance of all your range improvements listed in Part 3 of your term grazing permit and associated Allotment Management Plan (AMP) one week prior to your scheduled-on date. This allows for the inspection of your improvements and any potential concerns to be addressed before your livestock enter the allotment. If your maintenance responsibilities have not been completed to the standards listed in your permit, livestock will not be allowed to enter the allotment. All labor and materials needed for maintenance are your responsibility. Any OHV used in the administration of your allotments is limited to existing roads unless permission is otherwise obtained.

Maintenance items and other related items specifically discussed include the following:

- Corduoy Park Drift Fence and Cattleguard: Project has gone through NEPA and has been approved. Currently waiting on funding to purchase cattleguard. Plan to install sometime this summer dependent when cattleguard gets here and able to get someone to install it.
- Trail Maintenance: Discussed clearing trails.
- Hickerson Park Allotment Grazing Schedule: See Table 2 for this year's grazing schedule. Please coordinate with the Hickerson Park Allotment permittees. The schedule may be subject to change depending on conditions.

Table 2: Hickerson Park Allotment Grazing Schedule

Unit	Dates
Carter Dugway	June 22 – July 6
Hickerson Park	July 7 – August 6
Round Park	August 7 – September 6
Lodgepole	September 7 – September 16

The 2026 livestock grazing fee for authorized use of western United States National Forests, Grasslands and Land Utilization Projects is \$1.69 per head month (HM) for cattle.

Your Bill for Collection of grazing fees must be paid before livestock owned and/or controlled by the permittee are allowed on National Forest lands (due date 10 days prior to first turn on date). Payments can be made by mail (see bill for collection for mailing address and other payment details), in person at any Forest Service Office (bill number required), or online at: www.fs.usda.gov/billpay/. Please allow 4 business days for payment processing once received.

Find enclosed is your 2026 Grazing Bill for Collection to be paid by the due date and Grazing Use Record form to be returned to the FGRD office after the 2026 grazing season. Please continue to keep us informed on what's happening with your allotment and thank you for your cooperation in the proper management of the Commissary Park Allotment. If you have any questions, changes or comments, please contact Cherrette Bonomo, Rangeland Management Specialist, at office: (435) 781-5279.

Sincerely,
