Administrative changes include corrections of clerical errors to any part of the plan, conformance of the plan to new statutory or regulatory requirements, or changes to other content in the plan (§219. 7(f)).”*

This action does not constitute conformance of the plan to new statutory or regulatory requirements or a change to plan components as defined by 36 CFR 219.7(e) and meets the intent of *“corrections of clerical errors to any part of the plan”* (36 CFR 219.13(c)). This Administrative Change is considered non-substantive because it corrects the mapping errors.
