

Idaho Panhandle Resource Advisory Committee

PUBLIC MEETING

August 18, 2026 | 9:00 AM – 4:00 PM (PST)

MEETING MINUTES

Each SRS RAC is established pursuant to the Secure Rural Schools and Community Self-Determination Act of 2000 as amended, 16 U.S.C. sec. 7125, hereafter referred to as the SRS RAC Act as amended; codified in Agriculture Improvement Act of 2018 (Pub. L. 115-334)., and in accordance with the provisions of the Federal Advisory Committee Act (FACA), as amended, as amended, 5 U.S.C. 10.

In accordance with the established provisions, the Idaho Panhandle RAC convened for this public meeting on August 18, 2026, 9 A.M. – 4 P.M. The meeting was held at the Interagency Natural Resource Center in Coeur d'Alene, Idaho, and was open to the public/to join virtually via Teams Meeting:

<https://teams.microsoft.com/meet/260483352953808?p=elFoB3ZtSs4ohMgDR7>

A [Federal Register notice](#) was published on July 9, 2026, providing general information and public participation details for the meeting. Meeting details were posted on the [committee website](#) on July 1, 2026, per the FRN. Secondary notices were also sent out to the public directly by the agency via news release, social media and emails to collaborative groups, elected officials, and past year participants.

MEETING AGENDA

Item #	Topic
1.	Welcome and Introductions – Tim Gilloon and Chuck Roady
2.	SRS RAC Overview – Patrick Lair
3.	Updates from Previous Year – Tim Gilloon
4.	New Grants & Agreements Policies – Abby Carroll
5.	Project Evaluations and Scoring – Chuck Roady and Julie Kallemeyn
6.	Presentations – 15-minute presentations followed by Q&A with RAC members
7.	Public Comment – Legally required public comment period for anyone in attendance or who has previously submitted written or oral comments to RAC coordinator
8.	Deliberation/Voting on Proposed Recommendations/ Motions
9.	Close Out/ Certify Decisions

MEETING ATTENDANCE

A quorum must be present to constitute an official meeting of the committee.

References: Charter, **5 USC Ch. 10: FEDERAL ADVISORY COMMITTEES**, **16 U.S. Code § 7125 - Resource advisory committees**

Tim Gilloon	Forest Supervisor / DFO	Present	In-person
Ashley Nettles	Deputy District Ranger	Present	In-person
Patrick Lair	PAO / RAC Coordinator	Present	In-person
Jim Gebhardt	Technical Services Staff Officer	Present	In-person
Abby Carroll	Partnership Coordinator	Present	In-person
Josh Jurgensen	Recreation Staff Officer	Present	In-person
Chris Bilbrey	Director, Idaho Panhandle Avalanche Center	Present	Virtual
Andrew Skowlund	District Ranger	Present	Virtual
Noe Reyes	District Ranger	Present	Virtual
Holly Hampton	District Ranger	Present	Virtual
Heather Fuller	District Ranger	Present	Virtual
Jennifer Garcia Santiago	Partnership Coordinator	Present	Virtual

General Audience	
Name	Position/Title
Sean Mirus	Friends of the Idaho Panhandle Avalanche Center
Emily Strizich	Northern Rockies Trail Project
Haven Davis-Martinez	Idaho Project Learning Tree
Christine Sandahl	Lake Pend Oreille Idaho Club
Bill Hargrave	Shoshone County
Colleen Rosson	Shoshone County

Cathy Gidley	Trout Unlimited
Melanie Vining	Idaho Trails Association
Barbara Samut	Idaho Trails Association
Savannah Willison	Friends of Scotchman Peaks Wilderness
Todd Walker	Hayden Lake Watershed Association
Geoff Harvey	Hayden Lake Watershed Association
Gabe White	Friends of the Idaho Panhandle Avalanche Center

PUBLIC COMMENTS

There were no public comments, either in writing or from in-person or virtual attendees.

MEETING MINUTES

Welcome & Introductions

Forest Supervisor Tim Gilloon and RAC Chair Chuck Roady opened the meeting and led the room in a round of introductions.

Opening Remarks

Tim Gilloon and Abby Carroll informed the members and proponents of changes to federal cost principles that would impact project approvals, namely an agency requirement for 20 percent matching contributions from recipients and a limit of no more than 50 percent subcontracts in any award.

Patrick Lair provided an overview of the Secure Rural Schools Act and the role of resource advisory committees in the dispensation of Title II funding. He shared that the estimated sum of funding available to the RAC for this year was a combined \$1,027,189.98 from FY24 and FY25 allocations, based on historic timber receipts by county.

The group also discussed the criteria set forth in the Secure Rural Schools Act for project eligibility and that 50 percent of the funding should be used on projects that benefit roads or watersheds.

Chuck Roady and RAC Co-Chair Julie Kallemeyn provided an overview of how the RAC would approach group presentations, Q&A, scoring, and decision making. It was determined that with only 13 projects and more than \$1 million in available funding, the group would make decisions through an open dialogue following the presentations.

Project Presentations

RAC members then heard presentations on all 13 project proposals. Each proponent was allotted up to 15 minutes for a presentation and then RAC members had opportunities to ask questions of the project proponents. The RAC members had previously received all project application materials and had one week to read and review the materials prior to hearing the presentations.

Savannah Willison with the Friends of Scotchman Peaks Wilderness presented a proposal for the Scotchman Peak Mountain Goat Trail Ambassador Program. The proposal requested \$7,461.50 to help fund staff and operating costs. The program utilizes mostly volunteer support to organize a trail ambassador program with a public outreach component to keep hikers informed of best practices for

hiking near mountain goats and prevent a recurrence of conflicts between hikers and mountain goats on the popular trail.

Cathy Gidley with Trout Unlimited presented a proposal for the North Idaho Road Stream Crossing Assessments project. The project requested \$50,000 to support TU staff to conduct between 500-750 road-stream crossings in the Pend Oreille Basin to identify crossings that are barriers to fish passage for bull trout and westslope cutthroat trout and prioritize barriers for removal in future projects.

Haven Davis-Martinez, on behalf of the Idaho Forest Products Commission, presented a proposal for the Forest Tours for Educators and Thought Leaders project. The project requested \$10,000 to help fund travel for up to 1,500 educators and community leaders to participate in tours focused on specific stewardship issues and forest management practices, including collaborative restoration projects.

Haven Davis-Martinez, on behalf of Idaho Project Learning Tree, presented a proposal requesting \$8,500 to support statewide Idaho Project Learning Tree activities. The project provides educational outreach materials designed for students K-12 and professional development workshops for teachers, focused on building a better understanding of forest stewardship, renewable and nonrenewable resources, forest health, fire ecology, invasive species, and career paths in natural resources.

Emily Strizich with the Northern Rockies Trail Project presented a proposal for Idaho Panhandle Trail Maintenance, Construction, and Stewardship. The proposal requested \$500,000 to recruit and staff five district-based trail crews across the Idaho Panhandle National Forests to expand the Forest Service's capacity to complete priority trail maintenance, improve recreation infrastructure, respond to storm damage, and accomplish other field projects identified by local Forest Service staff.

Christine Sandahl with Lake Pend Oreille Idaho Club presented a proposal for Scenic Bay Spawning Bed Restoration. The proposal requested \$25,000 to help the organization hire certified scuba divers to remove tons of garbage and debris littering the floor of Lake Pend Oreille's Scenic Bay, to improve water quality and fish habitat.

Bill Hargraves on behalf of Shoshone County presented a proposal for the Shoshone County Noxious Weed ID and Control Booklet. The proposal requested \$10,000 to develop, print and distribute a 70-page color booklet for the general public and landowners illustrating the noxious weeds found in Shoshone County and teaching best practices for avoiding, controlling or eliminating them.

Geoff Harvey with the Hayden Lake Watershed Association presented a proposal for the Hayden Creek Parking Area Improvement project. The project requested \$20,000 to establish a contained parking area and remove three illegal motorized trails to better prevent drainage and erosion issues that have impacted the nearby Hayden Creek with increased sedimentation.

Barbara Samut of the Idaho Trails Association presented a proposal for Idaho Trails Association Trail Clearing and Maintenance. The proposal requested \$24,800 to help coordinate up to 20 volunteer trail maintenance projects across the Idaho Panhandle National Forests over the coming year.

Regan Plumb of the Kaniksu Land Trust, also an Idaho Panhandle RAC member, presented a proposal for the Balanced Rock Trailhead project. The proposal requested \$15,200 to develop a small trailhead parking lot and connector trail on USFS property to serve the Trust's Balanced Rock Nature Area.

Sean Mirus of the Idaho Panhandle Avalanche Center presented a proposal for the Motorized Avalanche Education and Outreach Program. The proposal requested \$37,000 to expand motorized avalanche education and public safety on the Idaho Panhandle National Forests through proactive outreach, motorized-specific avalanche education, public safety infrastructure, and community partnerships.

Colleen Rosson of Shoshone County presented a proposal for the Dunn Peak Communications Infrastructure and Public Safety Repeater Project. The proposal requested \$75,000 to install a solar-powered public safety radio repeater system at the existing Dunn Peak Forest Service communications site to improve emergency communications coverage, responder safety, and wildfire response throughout southern Shoshone County and the Idaho Panhandle National Forest.

Jim Gebhardt of the Idaho Panhandle National Forests presented a proposal for IPNF Road Maintenance. The proposal requested \$400,000 to be used for road maintenance activities on the Idaho Panhandle National Forests, such as blading, brushing, culvert replacement, blowdown removal, and minor asphalt repair across all five ranger districts.

Deliberation/Voting

The RAC spent the rest of the meeting discussing the project proposals and voting on funding recommendations.

The RAC voted to fund the proposals at the following amounts:

Scotchman Peak Mountain Goat Trail Ambassador Program - **\$7,461.50**

This proposal was fully funded.

North Idaho Road Stream Crossing Assessments - **\$50,000**

This proposal was fully funded.

Forest Tours for Educators and Thought Leaders - **\$0**

Reason for not funding the proposal: Some project work takes place outside the five counties this RAC serves. The RAC would consider funding this project if funding could be directed specifically to Benewah, Bonner, Boundary, Kootenai and Shoshone counties.

Idaho Project Learning Tree - **\$0**

Reason for not funding the proposal: Some project work takes place outside the five counties this RAC serves. The RAC would consider funding this project if funding could be directed specifically to Benewah, Bonner, Boundary, Kootenai and Shoshone counties.

Idaho Panhandle Trail Maintenance, Construction, and Stewardship - **\$402,727.50**

This proposal was partially funded.

Scenic Bay Spawning Bed Restoration - **\$0**

Reason for not funding the proposal: The RAC feels the project is outside the scope of Title II criteria. SRSA directs the RAC to use Title II funds for projects occurring on National Forests System lands or on adjacent lands that demonstrate a benefit to the natural resources on National Forest System lands. The RAC does not believe this project demonstrates a benefit to natural resources on federal lands.

Shoshone County Noxious Weed ID and Control Booklet - **\$10,000**

This proposal was fully funded.

Hayden Creek Parking Area Improvement - **\$0**

This proposal was not funded because federal cost principles require any project with 50 percent or more subcontracting must be a contract rather than a grant or agreement. This project utilizes more than 50 percent subcontracting.

Idaho Trails Association Trail Clearing and Maintenance - **\$24,800**

This proposal was fully funded.

Balanced Rock Trailhead - **\$15,200**

This proposal was fully funded.

Motorized Avalanche Education and Outreach Program - **\$37,000**

This proposal was fully funded.

Dunn Peak Communications Infrastructure and Public Safety Repeater Project - **\$0**

This project fits under Title III rather than Title II. The RAC recommends the proponent work with Shoshone County to adjust its Title III allocation to fund the emergency repeater.

IPNF Road Maintenance - **\$480,000**

The RAC voted to fund this proposal at more than the requested amount because road maintenance is a high priority for local communities and forest users, and the cost of road maintenance work is often very high.

Addressing Public Comments

A public comment period was announced at 3:30 P.M. but no members of the public spoke.

ADJOURNMENT

The meeting adjourned at approximately 4:00 P.M (PST).

CERTIFICATION

I hereby certify that, to the best of my knowledge, the foregoing minutes and Committee attendance log are accurate and complete.
