OPERATOR RESPONSIBILITIES

Operating a motor vehicle on National Forest System roads, National Forest System trails, and in areas on National Forest System lands carries a greater responsibility than operating that vehicle in a city or other developed setting. Not only must you know and follow all applicable traffic laws, you need to show concern for the environment as well as other forest users. The misuse of motor vehicles can lead to the temporary or permanent closure of any designated road, trail, or area. As a motor vehicle operator, you are also subject to State traffic law, including State requirements for licensing, registration, and operation of the vehicle in question.

Motor vehicle use, especially off-highway vehicle use, involves inherent risks that may cause property damage, serious injury, and possibly death to participants. Drive cautiously and anticipate rough surfaces and features, such as snow, mud, vegetation, and water crossings common to remote driving conditions. By your participation, you voluntarily assume full responsibility for these damages, risks, and dangers. Take care at all times to protect yourself and those under your responsibility.

Much of the Routt National Forest is remote. Medical assistance may not be readily available. Cellular telephones do not work in many areas of the Routt National Forest. Take adequate food, water, first-aid supplies, and other equipment appropriate for the

PROHIBITIONS

It is prohibited to possess or operate a motor vehicle on National Forest System lands on the Routt National Forest other than in accordance with these designations (36 CFR 261.13)

PURPOSE AND CONTENTS

OF THIS MAP

The designations shown on this motor vehicle use map

(MVUM) were made by the responsible official pursuant to

Forest Supervisor, Routt National Forest

It is the responsibility of the user to acquire the current

National Forest System lands in the Routt National Forest

CFR 212.51. This MVUM also identifies the vehicle classes

allowed on each route and in each area; and any seasonal

restrictions that apply on those routes and in those areas.

Designation of a road, trail, or area for motor vehicle use by a particular class of vehicle under 36 CFR 212.51

should not be interpreted as encouraging or inviting use or implying that the road, trail or area is passable, actively

maintained, or safe for travel. Motor vehicle designations

associated with designated routes when it is safe to do so

and when not causing damage to National Forest System

events may render designated roads and trails impassable

dangerous or impassable terrain. Many designated roads

This motor vehicle use map identifies those roads, trails,

and areas designated for the motor vehicle use under 36

CFR 212.51 for the purpose of enforcing the prohibition at

36 CFR 261.13. This is a limited purpose. The other public

roads are shown for information and navigation purposes

These designations apply only to National Forest

System roads, National Forest System trails, and areas

only and are not subject to designation under the Forest

Service travel management regulation.

on National Forest System lands.

resources. Seasonal weather conditions and natural

for extended periods. Designated areas may contain

vehicles or four-wheel-drive vehicles. Maintenance of

designated roads and trails will depend on available

resources, and many may receive little maintenance.

and trails may be passable only by high-clearance

include parking along designated routes and at facilities

that are designated for motor vehicle use pursuant to 36

MVUM. This MVUM shows the National Forest System

roads, National Forest System trails, and the areas on

36 CFR 212.51; are effective as of the date on the front

cover of this MVUM; and will remain in effect until

superceded by next year's MVUM.

Violators of 36 CFR 261.13 are subject to a fine of up to \$5,000, imprisonment for up to 6 months, or both (18 U.S.C. 3571(e)). This prohibition applies regardless of the presence or absence of signs.

This map does not display nonmotorized uses, oversnow venicle uses, or other facilities and attractions on the Routt National Forest. Obtain forest visitor information from the local national forest office.

Designated roads, trails and areas may also be subject to temporary, emergency closures. As a visitor, you must comply with signs notifying you of such restrictions. A national forest may issue an order to close a road, trail or area on a temporary basis to protect the life, health, or safety of forest visitors or the natural or cultural resources in these areas. Such temporary and/or emergency closures are consistent with the Travel Management Rule (36 CFR 212.52 (b), 36 CFR 261 subpart B).

The designation "road or trail open to all motor vehicles" does not supersede State traffic law.
