Denver, CO 80216

December 23, 2024

Director Davis:

A collaboration of municipal, county, state, and federal landowners and managers recently met with Colorado Parks and Wildlife to continue discussions about the Ring the Peak trail corridor. Our discussions were fruitful, resulting in a shared vision regarding pursuing an agreement with Colorado Parks and Wildlife.

We are committed to exploring a multi-jurisdictional collaborative solution for sustainable resource management through a long-term agreement for the Ring the Peak trail corridor with Colorado Parks and Wildlife. Our shared intent will focus on balancing resiliency, safety, oversight, environmental conservation, watershed protection, recreation, operational need, and other associated opportunities.

We look forward to having additional discussions about this potential collaboration.

Sincerely,

Bureau of Land Management
