

Natural Resources Conservation Service Agroforestry Practices by State

Conservation Practice Standards are a key component in NRCS Conservation Plans and the delivery of Technical Assistance by NRCS to its cooperators. NRCS Financial Assistance is directly tied to these standards, and is delivered through programs such as the [Environmental Quality Incentives Program \(EQIP\)](#), the [Conservation Reserve Program \(CRP\)](#), and other USDA and State conservation programs. A variety of NRCS Conservation Practice Standards can be used to implement agroforestry practices. More information about these state standards can be found in your state's [Field Office Technical Guide \(FOTG\)](#).
