

## FY 2019 Landscape Scale Restoration Request for Applications: Final Ranking

Applications are in final ranked order as of March 11, 2019.

The following list is only a preliminary indicator of relative preference for funding. As of the date of posting, the presence or level of funding for Landscape Scale Restoration has not been determined. Level of funding will determine State caps, which will likely impact which applications may be funded. Additionally, ongoing administrative review may be required to clarify application details. Please note that some applications are multistate, but only the lead Eastern Region S&PF State is identified within the application number.

Rank	Application No.	Title
1	12726368–MI	Little Bridges of Michigan Counties
2	12728290–MD	Adapting Mid-Atlantic Reservoir Forests for Climate Change
3	12725517–CT	The Connecticut Master Woodland Owner Program: A New Model for Engaging Landowners
