

Appendix I: MDNR Priority List for Acquisition of Candidate Federal Parcels

Appendix I displays the priorities of the Minnesota Department of Natural Resources (MDNR) for acquiring the candidate federal parcels proposed in the School Trust Land Exchange, the ‘highest and best use’¹ identified by the MDNR for each candidate federal parcel and which parcels are inside the legislative priority area identified by Minnesota Statute 92.80.

- Each candidate federal parcel is identified by Spatial ID which may be found in the maps in Appendix H and the land lists in Appendix B.
- The highest priority parcel identified by the MDNR for acquisition is designated as 1 in the column titled ‘MDNR Priority Order for Acquisition’. Larger numbers in this column indicate a lower priority for the MDNR. Priorities identified by MDNR are not considered ‘Forest Service priorities’, however these are analyzed in section 3.12 of the EIS.
- The Highest and Best Use column displays the estimated highest and best use by the Minnesota DNR as discussed in section 3.1 of the EIS.
- The ‘In Legislative Priority Area?’ column displays whether the Candidate Federal Parcel is inside the legislative priority area identified by Minnesota Statute 92.80.

Table I-1 displays the candidate federal parcels included in Alternative 2, and Table I-2 displays the candidate federal parcels included in Alternative 3.
