**Date:** September 26, 2019

**Subject:** Upper St. Joe Aquatic Restoration Project Folder

**To:** Lisa Hawdon, ID Team Leader

I have decided to implement the Upper St. Joe Aquatic Restoration proposal, because it responds to public concerns, environmental needs, and moves the area toward the desired conditions described in the 2015 IPNF Land Management Plan (Forest Plan).

This decision is not subject to administrative review (objection) pursuant to CFR 215.12 (f). Implementation of the project may begin immediately.

I have been delegated the authority and am the Responsible Official for this decision.

MATTHEW DAVIS  
St. Joe District Ranger
