Dear Ms. Trout,

The Angoon Community Association appreciates the invitation of the US Forest Service to consult in the establishment of rules governing the management of inventoried roadless areas located within the National Forests in Alaska. We further appreciate the invitation of the US Forest Service to become a cooperating agency in the preparation of analysis and documentation under the National Environmental Policy Act (NEPA) associated with the rulemaking. As the federally recognized tribal government for the Angoon Tlingit Tribe, we believe it is our responsibility to our citizens to be fully engaged in the rulemaking process, thus accordingly, we accept the invitation to become a cooperating agency.

We look forward to providing input, in accordance with a memorandum of Understanding to be developed and executed relative to the rulemaking process.

Thank you.

Sincerely,

Jeanette Kookesh, Vice-President

Attest:

Kevin Frank, Sr., Secretary
