Yes, we need to close this loop. Attached are the “handouts” and “posters”. Please place in record. Do you want to also add the informal agenda items below per your meeting notes? I updated the informal agenda below with names and strikethrough on the part we did not really cover.

I am checking this box,
Nicole

Subject: Cooperating Agency Meeting - Tribes

Let’s talk about the cooperating agency meeting agenda tomorrow AM. Melinda only noted one substantive agenda item – “Presentation of Review Draft of the DEIS/Timeline Outline and Overview”.

Considering we have new cooperators and confusion may exist for the older cooperators, I suggest we back up a bit and take a more structured approach to the meeting. How about the following? I’ve simply pegged names, but am open to suggestion. I just want to make sure we say what needs to be said... and not worry about the details too much. And, of course try to listen more than talk!

1. Opening Comments – Objective of today’s meeting, but acknowledging new members, change in alternatives, modified timeline, and other items. Ken
2. Timeline Update – Poster (or handout) created. Ken
3. Public Scoping Meetings – Poster (or handout) created. Nicole
4. Cooperating Agency Update – Poster (or handout) created. Melinda
5. Scoping Comment Summary – Copies available. Nicole
6. Roadless Rulemaking 101 – Step 1, Step 2. Nicole
7. Alternatives Overview – Maps on walls with 1 sentence overview. Nicole, Ken
- ~~8. DEIS Bottom Lines – Should we create 1 page effects summary? Or orient to the most important sections? Ken~~
9. Valuable Input (2/28) – Sitka
10. Next Steps – Ken

And, I suggest we simply handle this informally with questions, answers, and discussion throughout.

I’ve created some posters that could also be used as handouts or
