Date: January 26, 2016

Dear Reader:

I am writing today to inform you of an opportunity to provide me with input concerning a project that was begun several years ago that was put on hold. The project is the ‘Commercial Timber Harvest in the Beaver Creek Watershed’ project. You may have provided input when the project was initially proposed in 2008. I have an interest in moving forward with the project and would like to spend some time updating the public on the project and collecting information on changes in the project area since the proposal.

I have enclosed a summary of the project that includes a description of the initial proposal, a summary of analysis completed to date, an indication of what changes may staff has identified that have occurred since 2008, and space for you to add your own thoughts.

In order to provide this update and hear your concerns, I have reserved the meeting room at the Menifee County Public Library on February 18, 2016 from 5:00PM to 7:00PM to provide an opportunity to discuss this project. The agenda for the meeting will be:

- 5:00 - 5:45: Arrival and individual conversations
- 5:45 – 6:00: Short presentation
- 6:00 – 7:00: Group discussion and question and answer session

I look forward to seeing you at the meeting on the 18th, but if you are unable to attend feel free to write, call, or email me at comments-southern-daniel-boone-cumberland@fs.fed.us before February 29th.

Sincerely,

JONATHAN P. KAZMIERSKI
District Ranger
