Errata: The Decision Framework section of the EA at page 6 is changed as follows.

Decision Framework ---

The decision to be made is whether to construct each of the segments of new trail proposed, using what standards/specifications; what type of use to designate each segment for; and what facilities to establish at trailheads in what specific locations.

Legal/Policy Context for the Decision

Appendix C to this EA is a set of excerpts from applicable law, regulation and policy. It is not included in the body of the document due to its length, and the specific technical/legal information it presents. However, the reader is encouraged to become familiar with this direction as it helps define the scope of the decision to be made.

Responsible Official

The responsible officials for this project are the ~~DELETE STRIKE THROUGH TEXT District Rangers of the two affected Ranger Districts~~ ~~INSERT BRACKETED TEXT~~ [Forest Supervisors of the two respective National Forests affected, the Rio Grande National Forest, and the Grand Mesa, Uncompahgre and Gunnison National Forest].. The Decision will be a joint decision, and will be signed by both ~~Rangers~~[Forest Supervisors]. The analysis supporting this decision is being conducted by a joint Interdisciplinary team comprised of members from both Forests. No cooperating agencies were identified for this analysis.
