**Subject:** Objection to Draft Decision Available for Federal Coal Lease Modifications COC-1362 and COC 67232  
**Date:** Friday, September 08, 2017 12:24:49 PM

---

To whom it concerns:

The earth is experiencing more extreme weather events. We hear of forest fires, droughts, tsunamis and hurricanes too frequently.

Fossil fuels are the energy of the past. We need to leave fossil fuels, including coal in the ground.

That is why I object strongly to this draft decision to expand the area leased for coal mining in Colorado.

Sincerely,

Katherine O'Sullivan
