Re: Middle Fork Weiser River Landscape Restoration Project  
Re: Purpose #8

Dear Mr. Lannom,

In order to not harm the economic vitality of the communities adjacent to this area, and for the safety of those who use Middle Fork road, we must insist on dust abatement for the time frame that this project is being assessed and managed. Appropriate speeds also need to be maintained. Previous experience has shown us the dangers and cost of not doing so. Thank you.
