Re: Middle Fork Weiser River Landscape Restoration Project Objection Withdrawal

To the Reviewing Officer, District Ranger Greg Lesch, and IDT Leader Mark Fox:

WildEarth Guardians agrees to withdraw our objection to the Middle Fork Weiser River Landscape Restoration Project based on the Forest Service's agreement to include the roads table as an attachment or errata to the final Record of Decision. A draft copy of the roads table was provided to us to review on August 17, 2017. We understand there will be no changes to the selected Alternative.

Thank you,

Marla Fox
