

Dear Delaware Resident:

Last week you should have received a **Mid-Atlantic Beach Survey** by mail from the **University of Delaware**. Your household was drawn randomly to participate in that survey.

If you have already completed and returned it to us, thank you. If not, we strongly encourage you to do so soon. For our study results to represent accurately the people in the region, it is important to have your completed survey, whether you visit beaches or not.

Once again, thank you for your time and cooperation.

Sincerely,

A handwritten signature in black ink that reads "George Parsons". The signature is written in a cursive, slightly slanted style.
