National Headquarters - Washington Office
Washington, DC**

**Forest Service Handbook 2209.15 – Range Management Annual Reports Handbook
Zero Code**

Amendment: 2209.15-1991-1

Effective date: September 03, 1991

Duration: This amendment is effective until superseded or removed.

Approved by: F. Dale Robertson, Chief

Date approved:

Responsible Staff:

Last Change:

Superseded Document(s): Entire Handbook, September 1989; Title Page, 00--1 thru 35

Digest: Following is an explanation of the changes throughout the directive by section.

This amendment is a reissuance of FSH 2209.15 to conform the format and structure of the Handbook to the requirements of electronic directive issuance.

This amendment makes no substantive changes to the text. The only changes made are those necessary to meet new format requirements or to correct spelling, punctuation, or unit names.

This Handbook is now available electronically in the National Information Center in the same format as the paper copy. Henceforth, amendments to this Handbook will be issued to Forest Service units electronically on a document basis.

Table of Contents

02 - Objective	3
04 - Responsibility	3
08 - References.....	3

This Service-wide handbook contains instructions for processing the Range Management Annual Reports (FS-2200-A Range Allotment Management Status Report, FS-2200-B Range Improvement Accomplishment Report, FS-2200-E Wild, Free-Roaming Horses and Burros on Public Lands Report and FS-2200-J Annual Grazing Statistical Report).

02 - Objective

To provide instructions for collection, editing, and processing of accurate and timely range management data.

04 - Responsibility

Responsibilities for the annual range reports are given in FSM 2272.04 and FSM 2271.04.

08 - References

Access to procedural information from the FSRAMIS users guide, Chapter 7 - Annual Range Reports, is necessary for units using the FSRAMIS Database system to extract data for their annual reports. Access to information from the "Users Handbook," NCC-FC (National Computer Center - Fort Collins) is also necessary for procedures using the Univac 1100/84 hardware.
