Posting Instructions: This amendment replaces the entire title except Interim Directives (ID's). Place this transmittal at the front of the title; remove previous transmittals. DO NOT remove ID's when posting this amendment. ID's are not being reformatted at this time. Post the documents in the order displayed under New Documents in the following table.

Digest: Following is an explanation of the changes throughout the directive by section.

3200: This is a technical amendment that converts the format and style of this Forest Service Manual (FSM) title (previously in "Applixware") to the new FSM template using the agency's current corporate word processing software. Where chapters were previously organized into more than one document, they are now merged into one chapter whenever possible.

Although some minor typographical and technical errors have been corrected, this amendment contains no changes to the substantive direction in this title.
