\_\_\_\_\_ Facilitative Instructor (M-410)

\_\_\_\_\_ Experience on a CMAT assignment

**Go to next page:**

**Narrative Questions** (Please limit answers to three pages total.)

1. Fully describe your experience and skills in the world of community wildfire mitigation.
2. What do you believe is the foundation to creating a successful community wildfire mitigation program which results in mitigation on the ground?
3. What innovative practice(s) have you used to spur community wildfire mitigation in your area? How have you been able to measure the outcomes of the innovative practice?
4. Provide any supplementary information that supports the work you've done related to community wildfire risk reduction. (Combine supplementary information into a PDF attachment titled: "Application Supplement [Last name, First Name]"
5. Please explain how you believe your experience, knowledge, skills and abilities would contribute to CMAT's efforts before, during and after an assignment. Be specific.

**Please provide the following with your application**

1. 3 references that can address your WUI mitigation experience.
2. A letter of support from your supervisor to participate in CMAT assignments and assurance of availability for assignments.
3. A resume
