/1 Reimbursable balances recorded within each Treasury Symbol reflects reimbursable authority. This does not represent an unobligated balance available to the agency for obligation but instead represents the executed reimbursable agreements where services have not been provided and/or anticipated reimbursable agreements that will be established and/or anticipated collections. This authority related to reimbursable balances is not available to the agency until services are provided, billed and collected. These amounts should not be considered as available unobligated balances.

/2 Appropriations and transfers recorded for mandatory accounts represent anticipated collection levels and/or transfers. These amounts may or may not become available to the agency and should not be considered as available unobligated balances.
