

**Documentation of IMT Cost Containment Measures/Fire Management Efficiencies
On Large Forest Service Fire Incidents – 2009**

Upload to I-Suite Data Repository <https://isuite.nwcg.gov/Repository/index.html>
File Name: Fire Number Cost Containment (e.g. ID-BNF-0001 Cost Containment)

IMT Name: _____

Incident Name and Number: _____

Location: _____

Fire Management Efficiencies – In order to enhance our ability to efficiently manage suppression costs, please respond to the following questions that focus on sound decision-making and ensure prudent choices are made for suppression spending on large fire incidents.

1. **Did IMT operate with a clear understanding of the 1995/2001 Federal Fire Policy and the February 13, 2009 Guidance for Implementation of the Federal Wildland Fire Management Policy? Explain.**

2. **Steps taken to more effectively manage high cost aviation assets.**

<u>Action</u>	<u>Result</u>	<u>Estimated Cost Savings</u>
---------------	---------------	-------------------------------

3. **Actions taken to effectively manage resources.**

<u>Action</u>	<u>Result</u>	<u>Estimated Cost Savings</u>
---------------	---------------	-------------------------------

4. **Considerations for resources used and cost benefit to incident.**

<u>Action</u>	<u>Result</u>	<u>Estimated Cost Savings</u>
---------------	---------------	-------------------------------

5. **Other cost containment measures/actions/considerations.**

<u>Action</u>	<u>Result</u>	<u>Estimated Cost Savings</u>
