Dear Ben Wudtke, Kent Holsinger; Holsinger Law, LLC:

We acknowledged receipt of your Request for Reconsideration via email on April 29, 2021, which was submitted via certified email on the same date. We have not had adequate time during the initial 60-day period to fully review your request related to *RMRS-GTR-422, A Scenario-Based Assessment to Inform Sustainable Ponderosa Pine Timber Harvest on the Black Hills National Forest*.

Due to the complexity, size, and scope of your request for reconsideration, we will require additional time to properly review your request. We anticipate that we will complete our review and provide you with a response by October 1, 2022.

Sincerely,

C West
