S. O. ORDER # 285

JUSTIFICATION

During the snowfree months recreational camping is extremely heavy in the Icicle drainage. Campgrounds fill often and many campers try to park on the Icicle road and camp in the riparian zone between the road and the River. This has caused damage to the river bank and riparian areas as well as hazards to road traffic.

In 1987 an Order was executed to prevent camping in this area, from Snow Lakes Trailhead to Chatter Creek Guard Station, (S.O. Order #140). This Order extends the closure area to Rock Island Campground and cancels Order #140. A new trail system has been built between the Road and the River from Chatter Creek Guard Station to Rock Island Campground.

This new Trail, Icicle Gorge, would have conflict with Dispersed campers wanting to park along the Icicle Road and walk into the cleared trail area to camp on the trail. This occurred several times last Fall. There were no dispersed camps in this area before the trail was built.

ENFORCEMENT PLAN

The areas will be posted where violations might occur.

The Icicle Camping handout will cover this closure.

The area will be patrolled by the Icicle gaurd/Recreation patrol. .

Public will be informed through posters, signs, bulletin boards, and:

- Forest Recreation Report

- Local news release

- Radio Recreation Report

- On site signing

Enforcement will be through the issuing of NOV's.
