

Qualified Products List

For Products Qualified Under the U.S. Department of Agriculture, Forest Service

Specification 5100-274

Pump, Lightweight, Portable

This list was prepared for use by or for the Federal Government in the procurement of products covered by the subject specification. Such listing of a product is not intended to and does not connote endorsement of the product by the Federal Government. All products listed herein have been qualified under the requirements for the product as specified in the latest effective issue of the applicable specification. This list is subject to change without notice; revision or amendment of this list will be issued as necessary. This listing of a product does not release the supplier from compliance with the specification requirements. Use of this list or any portion thereof in such a manner as to state or imply that any product listed herein is endorsed or preferred by the Federal Government or is considered by the Federal Government to be superior to other products is hereby prohibited. The activity responsible for this Qualified Products List is the U.S. Department of Agriculture, Forest Service, National Technology and Development Program, Water Handling Project Leader, 444 East Bonita Avenue, San Dimas, California 91773-3198.

National stock number	Manufacturer model	Engine manufacturer	Date qualified	Primary coding	Alternate coding	Remarks
