

Wallowa-Whitman National Forest - Native Plant Program La Grande and Whitman Ranger Districts

2007 Accomplishments:

Collections for 2007:

80 lbs native grass seed (4 species)
10 lbs native herbaceous (1) species

Seed propagation, purchased in 2007:

1,800 lbs native grass seed (6 species)
10 lbs native herbaceous forb seed (2 species)

Seed propagation under contract for 2008:

2,300 lbs native grass seed (4 species)

Seeding: Approximately 100 acres were seeded with native grass and forbs on 4 projects. Projects included timber sale landings, road decommissioning, stream restoration, and fire rehabilitation following suppression activities on two wildfires.
